Feedback!

We have an evaluation team that really appreciates your feedback, as do I. As do our future students!

You should have just received a mail from the team. Please let us know your thoughts.

If you suggest something additional we should cover, you have to tell me what we should reduce...

...unless you think a 3rd day is something you would find time for.

National Artificial Intelligence
Research Resource Pilot

The NAIRR Pilot aims to connect U.S. researchers and educators to computational, data, and training resources needed to advance AI research and research that employs AI. Federal agencies are collaborating with government-supported and non-governmental partners to implement the Pilot as a preparatory step toward an eventual full NAIRR implementation.

I am always happy to answer questions about the program, so feel free to contact me directly at urbanic@cmu.edu.

Our Gratitude

If you've learned something useful here, it is due to the efforts of all the support staff, including your local TAs. Give them a thanks.

See you all at the next workshop!
